Term 2

Newsletter 13.11.26

Hello from Our Principal, Maria Cupit

Dear Families,

A very warm welcome back to the start of Term 2! We hope that you and your families enjoyed a happy and restful break. It has been wonderful to welcome the children back into school, refreshed, enthusiastic and ready for another exciting term of learning, discovery and growth.

As we begin a new term together, we are looking forward to building on the achievements, experiences and successes of last term. Our vision, **'Let Your LIGHT Shine'**, continues to sit at the heart of everything we do. It is more than a phrase; it is the foundation of our school community, shaping how we learn, how we treat one another and how we prepare our children for the opportunities and challenges ahead.

This term, we want every child to recognise their unique strengths, embrace new opportunities, take pride in their achievements and have the confidence to shine in their own special way.

Living Our LIGHT Values

Our LIGHT values underpin our school culture and guide our actions, relationships and approach to learning. Throughout this term, we will continue to bring these values to life in everything we do.

L – Love

We want our school to be a place where everyone feels valued, respected, safe and included. Through kindness, compassion, friendship and understanding, we encourage children to celebrate differences, support one another and develop positive relationships. When children feel loved and secure, they are better equipped to take risks, develop confidence and flourish as learners.

Newsletter - Term 2
13.11.26

Hello from Our Principal, Maria Cupit... continued

I – Integrity

We encourage our children to do the right thing, even when nobody is watching. Integrity is about being honest, respectful, responsible and making positive choices. In our learning, this means taking pride in our work, being truthful about what we find challenging and recognising that mistakes are valuable opportunities to learn and improve.

G – GRIT

GRIT is at the heart of becoming a successful learner. It brings together **Growth Mindset, Resilience, Independence and Tenacity**. We want our children to understand that learning is a journey and that progress comes through effort, perseverance and a willingness to try.

Whether tackling a challenging mathematical problem, developing reading fluency, mastering a new skill in PE, experimenting in science or expressing creativity through art and music, we will encourage children to keep going, learn from setbacks, become increasingly independent and take pride in their progress. We will celebrate not only what children achieve, but also the determination, effort and courage they demonstrate along the way.

H – Hope

Hope encourages us to look forward with optimism, believe in possibilities and aspire to achieve our very best. We want every child to have high aspirations, recognise their potential and feel excited about what they can achieve. Through our curriculum and wider school experiences, we will provide opportunities for children to discover new interests, develop talents and understand that their future is full of possibilities.

T – Trust

Trust enables our school community to thrive. We will continue to build relationships founded on honesty, respect and mutual understanding, where children feel confident to share ideas, ask questions, make mistakes and seek help when needed. We want our children to trust in themselves, their abilities and the adults and friends who support them, while also becoming trustworthy members of our community.

Newsletter - Term 2
13.11.26

Hello from Our Principal, Maria Cupit... continued

Learning, Progress and Improving Outcomes

A key priority this term is ensuring that every child continues to make strong progress and achieves their very best across the curriculum. We want our children to experience a rich, engaging and ambitious curriculum that inspires curiosity, develops knowledge and skills, and opens doors to new learning.

From developing early communication, language and number skills in our youngest children, through to strengthening reading, writing and mathematical fluency in our older pupils, we will continue to focus on securing strong foundations and building knowledge progressively.

Across all curriculum areas, including science, history, geography, computing, art, music, PE and the wider humanities, we will provide meaningful opportunities for children to deepen their understanding, make connections, think critically, solve problems and apply their learning in different contexts.

We recognise that every child is unique and that progress looks different for everyone. Our commitment is to understand each child's starting point, recognise their individual needs and provide the right support, challenge and encouragement to help them take their next steps. We will continue to celebrate achievement, identify opportunities for improvement and ensure that all children are supported and challenged to reach their potential.

Our LIGHT values will be woven throughout this learning journey. We want children to develop not only what they know, but also how they learn: becoming curious, reflective, resilient, creative, independent and confident.

Growing Together – Developing the Whole Child

At our school, success is about so much more than academic achievement. We are equally committed to nurturing the whole child and supporting their social, emotional, physical and personal development.

Newsletter - Term 2
13.11.26

Hello from Our Principal, Maria Cupit... continued

Throughout Term 2, we will continue to create opportunities for children to develop confidence, independence, communication skills, teamwork and emotional resilience. Through play, collaboration, enrichment opportunities, extra-curricular activities and everyday interactions, children will learn to understand themselves, appreciate others and contribute positively to the world around them.

We want our children to:

- Be confident and proud of who they are.
- Develop positive friendships and show kindness and respect.
- Have the courage to try new things and embrace challenges.
- Recognise and celebrate their own achievements and those of others.
- Develop independence, responsibility and a sense of belonging.
- Understand that their voice, actions and contributions matter.
- Approach the future with hope, ambition and belief in themselves.

Whether a child is taking their first steps into school, building confidence in the early years, developing friendships in Key Stage 1 or preparing for the next stage of their education in Key Stage 2, we want every child to feel that they belong, that they matter and that they can achieve great things.

Working in Partnership

We know that the strongest outcomes for children are achieved when school and home work together. Your encouragement, interest and support make such a difference to your child's learning and development.
We encourage you to talk with your child about their learning, celebrate their efforts as well as their achievements, share in their successes and encourage them to persevere when things feel difficult. Reading together, practising key skills, exploring interests and simply talking about their day all contribute to their progress and wellbeing.
Together, we can help our children understand that learning does not stop at the classroom door and that every experience offers an opportunity to grow.

Looking Ahead

As we embark on Term 2, our message to every child is simple: Believe in yourself, be kind to others, embrace every challenge and never be afraid to shine!

We are excited about the learning, experiences and achievements that lie ahead. We look forward to seeing our children flourish academically, socially, emotionally and personally, making progress in their own unique ways and continuing to develop the knowledge, skills, character and confidence they need for the future.

Thank you for your continued support and for being such an important part of our school community.
Let's make this another wonderful term, filled with curiosity, courage, kindness, perseverance and success.

Together, let's continue to Let Your LIGHT Shine!

With very best wishes,
M. Cupit

A Kind Reminder About Parking

Following a number of complaints from the local residents, we kindly ask all parents and carers to be considerate when parking in the local residential streets during school drop-off and collection times.

Please be mindful of our neighbours and avoid blocking driveways, parking across dropped kerbs, obstructing pavements or restricting access for residents and emergency vehicles.

We appreciate that these times can be busy, but taking a little extra care when choosing where to park makes a big difference to the local community.

Thank you for your understanding, cooperation and continued support in helping us maintain positive relationships with our neighbours.

Our school is a MOBILE FREE ZONE

We would like to remind all parents and carers that we are a mobile phone-free zone.

This is an important part of our safeguarding responsibilities, helping us to protect the privacy, safety and wellbeing of all children, families and staff.

We kindly ask that all parents and visitors respect this approach by keeping mobile phones away while on site.

Thank you for your understanding and support in helping us maintain a safe, positive and safeguarding-focused environment for everyone.

EYFS: F1 and F2 Update

Hello from EYFE: F1 and F2!

What a busy and exciting few weeks we have had in EYFS! The children have been enjoying lots of wonderful learning experiences, both inside and outside the classroom. We have been so impressed with their enthusiasm, curiosity and growing independence.

Before half term, we were delighted to welcome so many of you to our Outdoor Stay and Play session. It was fantastically attended, and it was lovely to see the children sharing their outdoor learning experiences with their grown-ups.

There was plenty of fun (and lots of mud!) as everyone got stuck into a range of exciting activities. The children enjoyed muddy mark making, exploring the Japanese art of Hapa Zome (using natural materials and stones to create beautiful prints), and developing their hand-eye coordination by hammering golf tees into pumpkins!

A huge thank you to everyone who joined us. It was wonderful to see so many families enjoying our outdoor environment together.

Our pumpkin adventures didn't stop there! The children had a fantastic time making their very own pumpkin soup. They were involved in the whole process, carefully peeling, chopping and preparing the pumpkin before helping to cook it.

Of course, the best part was tasting our finished soup! Some children thought it was delicious and others were not quite so convinced! It was a brilliant opportunity to encourage everyone to try something new and talk about their likes and dislikes.

We also had lots of fun creating some delicious witches' hats using chocolate and ice cream cones. The children loved making these spooky treats!

Since returning after half term, we have been busy celebrating Bonfire Night through lots of exciting creative activities.

The children have made delicious firework biscuits and explored different colours, patterns and techniques to produce some fantastic firework artwork. Our classrooms have certainly been bursting with colour and creativity!

This week, we have also been learning about Remembrance Day and why people wear poppies.

We have talked about remembering and being thankful for the people who have helped to keep us safe, in a way that is meaningful and appropriate for our youngest learners.

Newsletter - Term 2
13.11.26

EYFS: F1 and F2 Update

The children have produced some absolutely gorgeous observational drawings of poppies, looking carefully at their shapes, colours and details. We have been so proud of the care and concentration they have shown.

In maths, we have been focusing on subitising. This means being able to recognise how many objects are in a small group without needing to count them individually.

The children have been developing this important early mathematical skill by recognising and creating different subitising patterns using counters, working with numbers up to 5.

We have been encouraging the children to notice different arrangements and explain what they can see. It has been lovely to see their confidence and number sense growing!

You can help at home by playing quick number games with dice, dominoes or small groups of objects. Encourage your child to say how many they can see without counting each one.

Our Nursery children have been having lots of fun exploring rhyme and alliteration. They are becoming increasingly confident at recognising words that rhyme and enjoying listening for words that begin with the same sound. Many are now starting to hear and identify the initial sounds in words, which is a fantastic step in their early phonics journey!

In F2, the children have been working hard on their letter formation, practising how to form letters correctly and developing their confidence as early writers.

It has been particularly exciting to see some children beginning to independently hear, segment and write CVC words (consonant-vowel-consonant words such as cat, dog and pin). We are incredibly proud of the progress everyone is making!

Year 1 & 2 Update

Hello from Year 1 & 2!

We have just come back from our half term break, and it has already been a fun-filled and very busy first couple of weeks back. I thought it would be fun to ask the children to write our newsletter this week. So, here is what they had to say about their first two weeks of term:

"We have done lots of learning and the learning has been really fun! The maths was my favourite part." - Elvira, Y2
"Lunchtime is very good. I like playing with my friends on the field and putting on my waterproofs." - Millie, Y1
"We had a very nice day. I like learning phonics with Mrs Lord." - Lincoln, Y1
"When I go to school what I like to play at lunch. In the classroom I like learning art because it is super fun and I like colouring." - Ella, Y2
"I liked writing the prayer in English because it was all about Remembrance Day." - Autumn, Y2
"I like PE because we get to do lots of different things." - Rome, Y1
"I like learning maths because we learn all about numbers." - Aisha, Y1
"I like going on Doodle because we can learn extra things!" - Leyton, Y1
"I like maths because I like learning my number bonds." - Holly Y2
"My favourite bit in the classroom is PE because I like to play games with everyone. I liked going to the library with my class." - Bertie, Y2
"I like being kind to everyone and I like learning in class." - Eli, Y1
"I like science because we are learning about animals." - Theo, Y1
"I love PE because I like to join in and learn new things." - Isaac, Y2
"I like geography because we get to do all kinds of things!" - Daniel, Y2
"I like English. We have been writing about Remembrance Day and I wrote a prayer." - Libby, Y2
"I like going on Doodle to try and get lots of stars and I like art because I have enjoyed drawing." - Mia, Y2
"I like playing at lunch because when we go on the field I like to go on the slide and it is really fun. In class I have been learning about The Great Fire of London." - Arthur, Y2
"I like PE because we all join in. I like doing my writing and my phonics." - Brody, Y1
"I like maths and geography. We have been learning all about Lambourn." - Luna, Y2

The reviews are in, and if this is anything to go by then we are in for a busy and exciting run up to Christmas! The class are so enthusiastic and excited about engaging with their learning in the classroom. They are really enjoying learning about the Great Fire of London in history, animals including humans in science, and Lambourn in art. We have recently started our new DT project where the children will get to design and make their very own moving toy! The picture I have chosen this week is of them all showing off their favourite piece of artwork that they made last term. A huge thank you to everyone with their support in getting wellies and waterproofs in school for the children to wear over lunchtime. They are having so much fun getting to go on the field to play every day. We have started our rehearsals for our upcoming Nativity play and everyone is putting lots of effort into learning their lines and joining in with the singing and dancing. You are all in for a treat!

Thank you all for your continued support,
Miss Townsend, Miss Ball, Mrs Kumar, and all the children!

Year 1 & 2 Update

Newsletter - Term 2
13.11.26

Year 3 & Year 4 Update

Hello from Year 3 & Year 4!

Welcome back! It has been so lovely to see the children again, and we have been working hard to settle back into our school routines and get straight back into our learning.

In English, we have been focusing on Remembrance Day, with a particular emphasis on the important role animals played during the war. The children learnt about the different animals who supported soldiers and civilians, the jobs they carried out and the sacrifices they made. We then used this knowledge to produce our own non-chronological reports. I have been really impressed with the children's interest in this topic and the information they have included in their writing.

In Maths, we have started the term by exploring the properties of shape. Year 3 have been identifying different types of lines, while Year 4 have been learning about the properties of triangles and quadrilaterals. We will now be moving on to our next times-table focuses: 3, 4 and 8 for Year 3, and 6, 7 and 9 for Year 4.

The photographs attached show the children during our recent Gymnastics lessons. We have started the term by exploring different balances and learning how to work with a partner to create controlled and stable positions. The photographs show the children practising their shoulder stands. It has been lovely to see them supporting one another, building their confidence and challenging themselves to try new movements.

We have also started a new DT unit, where the children will be designing and making their own helmets. During our first lesson, the children planned and designed their helmets before getting stuck into the practical side of things this week! They began constructing their helmets using newspaper and PVA glue to create an outer shell. We will be building on these designs over the coming weeks, adding to and developing their creations. I am looking forward to seeing their finished products!

Thank you, as always, for your continued support.
Kind regards,
Miss Ross and Mrs Lord

13.11.26

Year 5 Update

Hello from Year 5!

Congratulations to Mr McKee and his wife on the arrival of their fist child - a baby girl!

For this half of the term children are learning to write diary entries linked to Rembrance
Day and 'Life in the Trenches' during World War 1.

In Maths the focus is on developing useful strategies, both mental and written methods to add and subtract numbers to 100,000.

The theme for geography is to study the country of Kenya and learn about the wildlife,
people, climates and terrain.

Newsletter - Term 2
13.11.26

Year 6 Update

Hello from Year 6!

Year 6 have had another busy and exciting few weeks of learning!
In English, we will be exploring the theme of Remembrance through our writing, taking inspiration from the powerful poem Dulce et Decorum Est. The children will be developing their descriptive language and using figurative devices to convey the emotions and experiences of those affected by war.

In Maths, we are moving on to our new unit focusing on fractions, decimals and percentages. The children will be developing their understanding of the connections between these three representations, learning to convert between them and applying their knowledge to solve a range of mathematical problems.

In PE, we will be putting on our dancing shoes! The children will be developing their dance skills, exploring rhythm, timing, coordination and movement. They will work both individually and collaboratively to create and perform dance sequences.

We had a great time at our visit to the Wantage Literacy Festival, where we had the fantastic opportunity to hear author Isaac Hamilton-McKenzie speak about his work. This inspired the children, sparked their imaginations and encouraged their enthusiasm for reading and writing.

Community News

The Lambourn Junction Community Interest Company is pleased to announce the launch of a new and innovative way of connecting residents with support services across the Lambourn Valley.

This unique signposting initiative places small, credit card sized information cards with trusted community locations including the Lambourn Pharmacy, Lambourn Surgery and Lambourn Library. Each card highlights a specific local service, such as the food bank, Citizens Advice and a range of other support organisations, with a brief description and clear contact details.

The idea has grown from the recognition that while many services are advertised through posters and leaflets, these can often be overlooked. By contrast, a simple, discreet card handed directly to someone by a trusted professional offers a more personal and meaningful introduction to the help available.

Christian Noll of the Lambourn Junction said, "There are many services available to support people in different situations, but not all are widely visible and some only accessible online. This approach allows trusted members of the community to guide individuals towards help in a simple and thoughtful way. A card can be kept and used when the time feels right."

For further information, please contact Hayley Warrick, Lambourn Valley Community Organiser, on 01488 505050 https://lambournjunction.uk/signposting-initiative-launched-across-the-lambourn-valley/

NHS Berkshire Healthcare NHS Foundation Trust

🌿 Berkshire Wellness Hub is Coming Back to Lambourn!

Not sure where to turn for support? Come and have a chat!

Hi, I'm Tracy, a Wellness Navigator with Berkshire Wellness Hub, part of Berkshire Healthcare NHS Foundation Trust, and I'll be returning to Lambourn on

I'm visiting the village to help residents find out about the support available to them, particularly those who may be unsure where to turn or who to contact.

Life can sometimes bring challenges, and knowing where to find the right help isn't always easy.

💙 What can I help you with?

As a Wellness Navigator, I can help you find information and connect you with services around:

💜 **Carers and family support**	💼 **Employment and volunteering**
💷 **Finance, benefits and debt advice**	🧠 **Mental health and emotional wellbeing**
🏠 **Housing, food banks and essential needs**	🤝 **Loneliness, isolation and peer support**
🦽 **Physical health and mobility**	🧩 **Neurodiversity**
🗣️ **Education, life skills and communication support**	🏳️‍🌈 **LGBTQ+ support**
📞 **Listening services and helplines**	🏛️ **Local authority and community support**

My role is to listen, understand what matters to you and help connect you with organisations and services that may be able to help.

You don't need to know exactly what support you're looking for, and no concern is too small to come and ask about.

📍 Where Can You Find Me?

💙 Come and Say Hello!

Whether you're looking for support for yourself or someone you care about, please feel welcome to come along and have a chat.

I look forward to meeting more people from the Lambourn community!

Tracy
Wellness Navigator
Berkshire Wellness Hub
